

APPLICATION FOR MUSIC COMPOSITION

for 2013

PROFILE

A successful residency in Berlin can have significant impact on the visibility and career opportunities of composers upon their return to the US. The reputation of the Academy within Berlin's flourishing music culture as well as the potential synergies between the composer and the extremely lively contemporary music scene in Berlin should make this an especially rewarding experience.

The Academy wishes to support an **early to mid-career composer**. **Applicants must show significant professional activity as demonstrated by public performances, commissions, and awards.**

The Academy will provide the composer in residence with new vistas and professional opportunities by supplying 1) a singular community of accomplished Americans from artistic, literary, and scholarly worlds, 2) a distinctive venue for his or her music, and 3) access to a valuable musical network. Composer fellowships may be awarded for a full year, or the fellowship may be divided between two equally qualified candidates.

APPLICATION PROCEDURE

A complete application in music composition requires **six (6) copies** of each of the following materials:

- A completed application form "Application for Music Composition for 2013," which may be downloaded from our website at <http://www.americanacademy.de/home/fellows/applications/>.) Composers should not use the general online application.

- Compact discs for the two works corresponding to the scores submitted (**these must be separate from the CDs with the scores as PDF files**). Please indicate dates of compositions, number of movements, and duration of movements. Please note if any performances are computer realizations.
